III. STUDENT ESSAY and INCOME VERIFICATION FOR PARENTS/GUARDIANS

Please, type your answers to the questions listed in an essay, on a separate sheet of paper. Your response should not be more than 300 words. Please, use 10 pt font and format your essay so that it is single spaced.

There is no need to re-state the questions in your essay. Just be sure that you answer them with enough detail that we know which question you are responding to.

Here we ask that you indicate verification of your income to establish your primary eligibility for program services. This is based on the U.S. Department of Education’s low income guidelines if you file income taxes. If you do not file income taxes, you will need to submit verification of the type of income you receive from an official source. The following are NOT acceptable forms of income verification: pay stubs, W2s, and bank deposit statements. Please, place a check next to the type of income that best describes your situation and include copies of the required documents with your application packet.
