

Occupational Competency Assessment Occupational Experience Statement

Employment Experience Guidelines: A) A minimum of two years (4000 hours) comprehensive wage earning experience beyond the learning period to include experience directly related to the occupation to be taught. Learning period is defined as formal educational or professional experience in which the person was being trained for the occupation to be taught. B.) A minimum of two years (4000 hours) of military employment or service beyond the training period directly related to the occupation to be taught. The following are other employment considerations: A) The employment experience must be completed within a term-year period immediately prior to successful completion of the occupational competency assessment. B.) Part-time work experience will be evaluated on the basis of two thousand (2000) clock-hours as equivalent to one calendar year. C.) Work experience used in verifying occupational Experience in one occupation may also be used to verify occupational experience in another closely related occupation.

NOTE: Secondary or Postsecondary teaching (including paraprofessional) experience in the occupational area cannot be counted toward the work experience requirement. Supervisory experience in the industry setting cannot be counted toward the work experience requirement.

Employer Name & Address	Occupation (e.g., Auto Technology)	Description (e.g., Automatic Transmission Repair)	From		To		Total	
			Month	Year	Month	Year	Years	Months
